## Additional Requirements Necessary to Implement the Revised Health Insurance Claim Form CMS-1500

### Provider Types Affected

Physicians and suppliers who bill Medicare carriers including durable medical equipment regional carriers (DMERCs) for their services using the Form CMS-1500.

### Key Points

- The Centers for Medicare & Medicaid Services (CMS) is implementing the revised Form CMS-1500, which accommodates the reporting of the National Provider Identifier (NPI).
- The Form CMS-1500 (08-05) version will be effective January 1, 2007, but will not be mandated for use until April 2, 2007.
- During this transition time there will be a dual acceptability period of the current and the revised forms.
- A major difference between Form CMS-1500 (08-05) and the prior form CMS-1500 is the **split provider identifier fields**.
- The split fields will enable NPI reporting in the fields labeled as NPI, and corresponding legacy number reporting in the unlabeled block above each NPI field.
- There will be a period of time where both versions of the CMS-1500 will be accepted (08-05 and 12-90 versions). The dual acceptability timeline period for Form CMS-1500 is as follows:

January 2, 2007 – March 30, 2007	Providers can use either the current Form CMS-1500 (12-90) version or the revised Form CMS-1500 (08-05) version. <b>Note:</b> Health plans, clearinghouses, and other information support vendors should be able to handle and accept the revised Form CMS-1500 (08-05) by January 2, 2007.
April 2, 2007	The current Form CMS-1500 (12-90) version of the claim form is discontinued; only the revised Form CMS-1500 (08-05) is to be used. <b>Note:</b> All <b>rebilling</b> of claims should use the <b>revised</b> Form CMS-1500 (08-05) from this date forward, even though earlier submissions may have been on the current Form CMS-1500 (12-90).

## Background

Form CMS-1500 is one of the basic forms prescribed by CMS for the Medicare program. It is only accepted from physicians and suppliers that are excluded from the mandatory electronic claims submission requirements set forth in the Administrative Simplification Compliance Act, Public Law 107-105 (ASCA), and the implementing regulation at 42 CFR 424.32. The CMS-1500 form is being revised to accommodate the reporting of the National Provider Identifier (NPI).

Note that a provision in the HIPAA legislation allows for an additional year for small health plans to comply with NPI guidelines. Thus, small plans may need to receive legacy provider numbers on coordination of benefits (COB) transactions through May 23, 2008. CMS will issue requirements for reporting legacy numbers in COB transactions after May 22, 2007.

In a related Change Request, CR4023, CMS required submitters of the Form CMS-1500 (12-90 version) to continue to report Provider Identification Numbers (PINs) and Unique Physician Identification Numbers (UPINs) as applicable.

There were no fields on that version of the form for reporting of NPIs in addition to those legacy identifiers. Change Request 4293 provided guidance for implementing the revised Form CMS-1500 (08-05). This article, based on CR 5060, provides additional Form CMS-1500 (08-05) information for Medicare carriers and DMERCs, related to validation edits and requirements.

## Billing Guidelines

- When the NPI number is effective and required (May 23, 2007, although it can be reported starting January 1, 2007), claims will be **rejected** (in most cases with reason code 16 – “claim/service lacks information that is needed for adjudication”) in tandem with the appropriate remark code that specifies the missing information,  
**if**

- The **NPI** of the billing provider or group is **not entered** on Form CMS-1500 (08-05) in items:
  - **24J** (replacing item 24K, Form CMS-1500 (12-90));
